

VALOY--BROWN AND THE PI'S

24'piece

The band is formed by Lille based Valoy and Evelyne Brown, Reims based François Pavan (MyPark, sometimes Trisome 21) and Nantes based Eric Pifeteau (French Cowboy, Rock Roll & Remember).

The *24'piece* album is their first one and a particular piece of work, conceived as a 24 minutes composition in 8 joined and perfectly produced tracks.

Out of this blend tired lyricism and serene groove comes a persistent grace, the infectious poise of musicians playing after hours for the few customers who don't want to leave anymore. Music like finally coming into the harbour : you can still hear the storm, but you're safe (and sound).

«A cathartic whirl of sound, that leaves you washed out but free of the asleep gloom you were bearing». Marion Lecointre / **Magic - june 2009**
